

## **Why Purchase A Business Account?**

# About Us

One Education is an online learning platform dedicated to providing high standard training to help individuals and businesses gain practical knowledge and transferable skills necessary to enhance their careers.

We have a huge library of over 3000 courses designed by experts in the relevant industries. Our courses range from project management to compliance and IT & software, suitable for personal and professional development of your employees.

After completing the courses, we provide instant accredited certificates to our learners. Our courses are structured to enable our learners to develop new skills and enhance their expertise at their own pace.

**Train your employees with One Education**

**Build a skilled workforce.**

**Become a successful organisation.**

## **Why One Education is the Perfect Training Solution for Your Business?**

### **Exclusive Business Dashboard**

One Education offers an effortless training management system with a dedicated business dashboard. You can access your dashboard anytime, from anywhere you want. The business dashboard provides you with an overview of training and helps manage your entire team's training in one place, with a user-friendly interface.

### **Easy Reporting and User Management**

We have an all-purpose training portal that allows you to manage the courses, handle the learner's accessibility to the classes, track the progress of your employees etc. We have also included a 'Reporting' section to keep a tab on the learner's progress and receive a full report.

## **Instant Certificate and Validation**

After the learners pass their final assessment, we provide accredited certificates of achievement. The best part is that the digital certificates are instantly sent to the learners; we also provide hard copies through the post. And the learners can validate their certificates from our website anytime they want.

## **Full-time Learning Assistance**

We have a team dedicated to providing 24/7 tutor service to our clients. Our dedicated team can assist the learners through phone, email, and live chat. They are committed to providing the learners with a smooth learning experience so that they can acquire the knowledge and skills they signed up for.

## **Affordable Pricing**

We want to make our courses accessible to all. That is why we ensure reasonable pricing for the training solutions. We also offer the opportunity to customise training according to the organisation's training requirements at the most reasonable prices.

## **Dedicated Accounts Manager**

We have dedicated account managers to assist you with anything you need. They will answer any questions regarding transactions or accounts. They will help you manage the technical and operational aspects to fulfil your business needs. In addition, they will review your business and offer advice on how to promote learning and development.

## **Customised Courses**

Training needs vary for every business and person. Keeping this in mind, we offer customised training to meet the particular needs of businesses and individuals. We offer bespoke courses, and you can also put together training materials for your team members.

## Team Training Plans

We provide a single solution for all your training requirements – Build Your Own Training Package. It is ideal for teams of any size, so you can onboard all the team members or as many as you require without any restrictions.

[Reach out to us](#), and our dedicated team will help you customise the perfect training package for your team.

# Accredited Courses and Certifications

## Continuing Professional Development (CPD)

All of our courses are accredited by Continuing Professional Development to ensure that they are in accordance with the CPD guidelines. The CPD certification services have been working since 1996 in a wide range of sectors.

The CPD points, credits, and unities are associated with CPD hours. The time spent in active learning is considered CPD hours. So, 1 CPD unit or credit is equal to 1 CPD hour.

## Quality Licence Scheme (QLS)

The Quality Licence Scheme has been working for more than 100 years to recognise and represent high-quality qualifications and assessments of the education sector. In One Education, we provide courses that are recognised and endorsed by this prestigious awarding body.

## Award for Training and Higher Education (ATHE)

The Award for Training and Higher Education is an international awarding organisation regulated by the UK and international regulators along with Ofqual. ATHE has more than 280 recognised centres in 55 different countries. Many of our courses are designed to meet the standard of ATHE, and they are recognised by this global awarding body.

## **Northern Council for Further Education (NCFE)**

NCFE is the third-biggest technical and vocational awarding organisation in the UK. NCFE has been working for almost 170 years to provide quality training to all learners. At One Education, we provide courses that are accredited and checked off by NCFE as quality distance learning.

## **PeopleCert**

PeopleCert is an international leader in the assessment and certification of professional and language skills. We have developed many courses that have successfully fulfilled the requirements of PeopleCert and were recognised by this awarding body.

## **International Accreditation Organisation (IAO)**

IAO is an international quality assurance agency that grants accreditation to educational institutions, corporations, professionals and qualified individuals. IAO has evaluated our courses to ensure that we provide the education that meets the standard. As we have passed the evaluation, IAO has accredited our courses.

## **CPD Quality Standards (CPDQS)**

CPD Quality Standard assesses and reviews CPD providers' standards and assures that they are up-to-date with the evolving CPD standard. The courses of One Education are assessed and verified by CPDQS to ensure that the learners receive high standard training.

## UK Register of Learning Providers (UKRLP)

The UKRLP is a platform that allows learning providers to share their information across different agencies like Education and Skills Funding Agency (ESFA) and the Higher Education Statistics Agency (HESA). One Education is registered by UKRLP and can share its information with other agencies, government departments, and learners.
